REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: Applicant's response is persuasive in that the prior art references do not show or suggest a method of providing a substrate wafer of single-crystal semiconductor substrate with first and second surfaces, providing etching starting points at a first surface and beginning etching the substrate at said start points to produce a structured layer with pores with controlled depths defined at least partially there through unsaid pores having coherently modulated cross section at least at part of said depth.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Donald R. Valentine whose telephone number is 571-272-1250. The examiner can normally be reached on Monday-Friday 9:30-6:00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Roy King can be reached on 571-272-1244. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
